

JazzPA - Jazz Festival/Bellefonte 7/25/09

Dear Friends,

I want to make you aware of an opportunity to be a part of something very special. JazzPA will be having it's 2009 Jazz Festival in Bellefonte on Saturday, July 25, 2009.

Based on the positive feedback that we received, last year's festival was a huge success. The caliber of the performances by internationally recognized jazz musicians including local musicians, Bellefonte as the location for the festival, the promotion of supporting businesses, the support of school music programs and the educational programming proved that JazzPA is one of the premier Jazz Festivals in Pennsylvania.

To build upon this success we need your financial support. Any contribution from \$25.00 to Corporate sponsorships will help us to continue with our mission to celebrate jazz music and music education in Central Pennsylvania.

Attached, please find a contribution and sponsorship form that describes the various support levels and promotional opportunities.

Thank you for supporting live music.
